

# Communion With The Triune God

Geoffrey R. Kirkland  
Christ Fellowship Bible Church

## 1. O for closer communion with the ***Father!***

Let our praying call upon God and remember that He has saved us by grace and called us into fellowship with Himself. We now can call out "Abba Father!" and remember that we are children of God. O that God may grant us closer communion and nearer fellowship with Himself. Let our prayers revolve around the greatness of our great God as we remember that all that He is, He is for His own glory and for the delight of His own children. We can delight in Him and refresh our hearts in Him. We can pray knowing that we are beloved by this God, protected by this God, and everlastingly saved by this God. And we cry out to our Father with heartfelt thanks and praise! In our prayers, let us plead for closer communion with the Father and enjoy sweet nearness with the Father as we pray to Him and enjoy fellowship with our merciful Father!

## 2. O for satisfying sights of the ***Savior!***

In our praying, let us call upon God and plead for greater understanding of the Savior. Of course we do not physically see our Lord with our physical eyes yet, but one day we shall see Him face to face! But, we as His redeemed long to be satisfied with His glory and enjoy His sweetness all the more. Pray to see Christ clearer from the sufficient Word. Pray that as you call upon His name in prayer with your Bible open, you would realize more of His promises, see more of His faithfulness, enjoy more of His nearness, savor more of His sufficiency, live by His abiding power! O that He would ravish us with soul-enriching comfort from His love. Pray to know more of the height, and depth, and length and breadth of the love of your Savior! Pray that He would satisfy you with a clearer sight of Himself as you meet with Him daily and reflect on His atonement for you!

## 3. O for happy hospitality with the ***Spirit!***

Pray for sweeter communion with the Sovereign Spirit. Seek to grow closer to Him in your calling upon His name for great power, for unshakeable joy, and for deeper holiness. As the Spirit indwells us, let us beseech Him that He would reside within us happily and not with grief. Ensure that you strive to live a life exalting Christ and striving to not grieve the Spirit in any way. Make it your ambition to not quench the Spirit or dishonor the Spirit in any way. May the Spirit find a happy hospitality within our hearts as He lives in us, resides within us, and fills us with all power to live for God's glory and to grow in the likeness of Jesus Christ.
